SHANE FITZGERALD

Los Angeles, CA • 858-336-2316 • shanesrf@gmail.com

OBJECTIVE

I am a junior full stack web developer and recent graduate of General Assembly 12 week Web Development Immersive (WDI) program. Before graduating WDI, I did sales and marketing for various industries including health care and real estate. More recently, I've been working in Mergers and Acquisitions for small business, where I would be tasked with business valuation, packaging and marketing and quarterbacking the deal from first phone call to closing the transaction.

I am looking for full time, contract or contract to hire position in web development where I can continue to add to my technical education. I would love to work on a team of dedicated and passionate individuals who share a similar love of learning all things new in tech and can help guide my new life long path of web development.

SUMMARY OF QUALIFICATIONS

My recently completed education and previous real world experience have provided me with the following skills:

HTML5	**CSS3**	**JavaScript**	**JQuery**	**AngularJS**
Bootstrap 3	**Github**	**Ruby on Rails**	**Rspec**	**PostgreSQL**
MongoDB	**Firebase**	**Heroku**	**Foundation**	**SASS**
